Provide name of legal owner below.</p> <p>Other - please explain below</p>
<p>Type of Request</p>	<p>Preservation Planning</p> <p>Preservation Execution</p>

---

Describe the overall nature and scope of the work for which the grant is being requested. If that work is part of a larger ongoing or planned project, describe the nature, scope and status of the larger project first and then identify the specific work which is proposed to be done with the USLHS grant funding. Identify what needs to be done, who will do the work and how the work will be done. Also, identify here the planned budget for the larger project if applicable.  
(Limited to 5000 characters.)

## **Other Attachments**

Please provide up to five digital images of the lighthouse, light station or lightship that is the subject of this Project, focusing on those elements of the property that will be preserved if you are awarded a USLHS grant. Please provide any digital images, drawings or documents in .JPG or .PDF formats. Do not provide more than one general or artistic photograph of the lighthouse, light station or lightship. For example, if the goal of the grant project is to perform repairs in the lantern room caused by water intrusion or corrosion, the images should show the current conditions of the damaged areas that will be repaired.

## **Submittal Instructions**

Please submit your completed Letter of Interest by email (*please include the name of your lighthouse in the Subject of the email*) to Grantsprogram@uslhs.org by March 24, 2017. Your completed submittal should include this document, plus any attachments, as separate files to the same email, such as any images of the lighthouse, light station or lightship.

All organizations that submit a Letter of Interest by the aforementioned date will receive a response from the USLHS by May 7th, 2017, indicating whether you will be asked to submit a full application or not. Those that are asked to submit a full application will need to submit these by June 19, 2017.

If you have any questions about how to fill out or submit the Letter of Interest, please contact Henry Gonzalez, Vice President, at Grantsprogram@uslhs.org.
