The Chesapeake Chapter of the UNITED STATES LIGHTHOUSE SOCIETY INC will have a sunset cruise around Thomas Point Shoal Lighthouse where we will be auctioning off a number of fun and unique items to bid on to raise money for Thomas Point Shoal Lighthouse.

This iconic Chesapeake Bay landmark. Loved by all, it is a favorite location for photos. Since 2004 a dedicated group of volunteers has toiled to keep the light shining. This year we are undertaking another repair that requires removal of the plywood under the lighthouse and replacement of wood beams. We hope raise enough money to accomplish the repairs this fall and are hosting a Night for the Light, September 23, 2022 from 5 pm to 8 pm.

This important fundraiser will feature silent and live auctions, a wine pull, a raffle and great food. There will be oysters and the Eastport Oyster Boys will be playing your favorite Chesapeake music. Tickets will go on sale July 9 and only 150 tickets will be sold.
