### Seasons Greetings from the Staff and Volunteers at the U.S. Lighthouse Society

All of us here at the home office of the Lighthouse Passport Program and U.S. Lighthouse Society wish our Club members a most joyous holiday season. As winter takes over and ice forms on many of the nation's lighthouses, we hope you will reflect back on your lighthouse visits in 2014. New stamp locations are being added all the time providing you with additional stamp collecting opportunities in 2015. With over 1,700 members making donations when getting their passports stamped, your impact on lighthouse preservation has and will continue to be substantial. The Society will be launching a new website at the beginning of the year which will contain all of the passport club information in a jazzy new format. It will also contain a new resource for you to keep track of your stamps and help determine which stamps you still need to obtain. In the meantime, stay safe and warm. If you are ever in our neck of the woods make sure and stop by our office at the Point No Point Lighthouse on Puget Sound – we'll leave the light on for you (and stamp your Passport)!

### Holiday Offers for Club Members Only

Passports books make a great stocking stuffer for yourself or your favorite lighthouse lover. As a winter special for Passport Club members only:
