

USLHS 2020 Holiday Spectacular Order Form

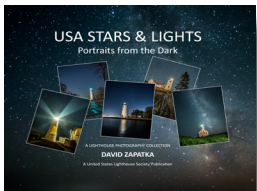

This year's ornament features the Point Arena Light Station, CA, celebrating their 150th anniversary. In addition to the lighthouse, this beautiful ornament includes four California state symbols: the CA Poppy, Dogface Butterfly, Grizzly Bear and the Quail.

For the first time ever, modern day Lampist Dan Spinella and the USLHS collaborated to create limited edition Fresnel lens pins meant to reflect and refract light just like their life sized cousins. Set in 14K gold plate, each lens segment is made of acrylic, the same material the artist uses to recreate historic optics.

\$60

USA Stars & Lights: Portraits from the Dark (8.5"x11") is a creative collaboration between professional photographer David Zapatka and the USLHS. This special book is a stunning collection of beautiful nighttime photographs featuring more than 160 lighthouses from 17 states. See lighthouses the way they were meant to be seen, with their lights shining, breathtaking and awe-inspiring.
